

≡ S1200 outdoor

Technical data sheet

Robust and reliable

The robust Intenta S1200 outdoor offers you the possibility to use the functionalities of our Intenta S1000 in the outdoor area. This includes people counting and level measurement. The robust outdoor housing optimally protects the sensor from environmental influences. The RJ45 outdoor connector enables easy connection and also guarantees reliable data transmission. The swivel mounting bracket allows for flexible installation.

Order information

Item No.	Item
13100071	Intenta S1200-SLC outdoor
13100070	Intenta S1200-MC outdoor

Technical data

Material	PUR (Resin), Aluminium
Dimensions in mm	162 x 112 x 51 (without mounting bracket)
Weight in g	700
Colour	Dusty grey (RAL 7037)
IP protection class	IP65
Heating	No integrated heating (only for 24/7 operation)
Ethernet	1Gbit, RJ45 outdoor coupling 30cm cable length
Power supply	PoE Class 0 (IEEE 802.3af)
Mounting options	Swivelling mounting plate (+/-15°) Camera tripod with 1/4" thread
Fall protection	5 mm eye bolt
Optics	SLC or MC

For optimum weather protection in exposed locations, we recommend the use of an additional cover.
